

Our Commitment to

ENVIRONMENTAL Sustainability

“Reporting our sustainability initiatives has become a clear focus for us.”

Neemat G. Frem, INDEVCO Chairman & CEO

Solar Energy

To reduce energy consumption within our manufacturing group and to partner closely with Middle East and North Africa governments and energy associations to formalize solar power as a political priority

Responsible Paper Sourcing

To increase use of certified chain-of-custody fiber from global sources

Circular Economy of Plastics

To foster premium re-use of plastic scrap to reduce carbon emissions and to divert plastics destined for landfills or incineration into recycled applications supporting a circular economy of plastics

Mineral Fillers

To develop and expand production from naturally abundant minerals, in order to offer sustainable raw material options to plastics converters

Our Commitment to
SOCIAL Responsibility

*“Reporting our sustainability initiatives has become a **clear focus** for us.”*

Neemat G. Frem, INDEVCO Chairman & CEO

Occupational Health & Safety

To ensure decent and safe working conditions by setting safety policies and reporting procedures and training employees

Diversity & Inclusion

To provide quality employment and decent working conditions for people of all backgrounds

Arab Women's Wellbeing

To engage media, associations, and educational institutions to increase awareness of menstrual hygiene, early breast cancer detection, and positive self-image, while providing access to sanitary feminine hygiene products through the lifecycle

Childhood Development in the Middle East

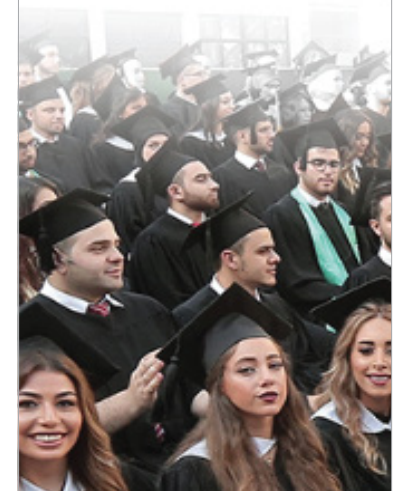

To partner with local and international organizations, NGOs, and the media to promote and support childhood education as a precursor to success in life

Youth Empowerment

To provide industry leadership and support to Lebanon's public and private universities to build relevant job skills and to support career growth and cultural heritage
